

Built On Skill. Driven By Passion.

At TDR Carpentry, We Don't Just Turn Up, Fit Some Timber, And Move On.

We Build Properly. With Care, Attention, and Genuine Pride In What We Do.

Based in Southampton and working nationwide, we've been part of construction projects of every size. From new build developments and commercial refurbishment to specialist care home upgrades.

Our team knows the trade, knows the standards, and knows what it takes to get a job right first time.

For us, carpentry isn't about rushing through a list of tasks. It's about doing the kind of work you're proud to walk past years later.

Strong. Reliable. Done Right, Every Time.

Our Work

First Fix Carpentry.

This is where every project starts. Floors, joists, roofs, stud walls, all built solid, straight, and square. Our first fix team makes sure the entire job has a strong backbone, ready for everything that follows.

Second Fix Carpentry.

Finishing work is where detail really matters. Doors that close cleanly, skirting that sits flush, staircases that line up perfectly. We take time to get every finish right because that's what makes a building look and feel complete.

Fire Doors & Safety Work.

We're fully trained and experienced in fitting certified fire-rated doors and frames. Each installation meets the latest regulations, and we'll provide all the compliance paperwork your site needs.

Commercial & Care Sector Projects.

We know what it's like working in live environments. Whether that's a busy care home or a public building. Our team works quietly, cleanly, and respectfully, keeping things running smoothly while getting the job done to spec.

Why People Choose TDR

We're Experienced.

We've been doing this for years, and we understand how sites run. The deadlines, the sequencing, and coordination needed with other trades. We plan ahead and work smart, so your job stays on track.

We care about the result.

It's not just another contract to us. We want our work to last, to look right, and to reflect the standards we're known for.

We're easy to work with.

You'll find our team approachable, organised, and professional. We communicate clearly, turn up when we say we will, and do what we've promised.

We take safety seriously.

Every installer is qualified and trained. We follow strict safety standards and handle compliance properly, especially on fire door and care facility work.

When you bring us onto a site, you're not chasing us, you're trusting us. and that's exactly how we like it.

Our Services

Structural Carpentry.

Accurate first fix frameworks for commercial, residential, and care developments.

Doors & Windows.

Supply and installation of all doors and windows, including fire rated systems, fitted with precision.

Complete carpentry packages for new builds and refurbishments.

Bespoke Joinery.

Custom timber solutions crafted to specification.

From concept to completion, every project is delivered with skill, care, and attention to detail.

Testimonials

TDR do things the right way. Absolute experts in the field of Carpentry & Joinery. They were highly professional, efficient, skilled, tidy and organised. They understood the site, the sequencing, and the co-ordination with other trades, and were an all-round pleasure to work with. Their adherence to safety and compliance was refreshing too. Everything any client would want in a carpentry and joinery company. We just let them do their job and they absolutely delivered.

Guy Macklin - Derek Warwick Developments Ltd.

We have always had a positive experience with TDR. They are knowledgeable in Carpentry & Joinery and work professionally and efficiently. They keep their workspaces tidy and are easy to collaborate with. We appreciated their focus on safety and compliance.

Overall, they meet our needs and delivered good results.

Simon Machola – Shorewood Homes.

From first fix to final finish, TDR Carpentry delivers workmanship you can rely on and results that speak for themselves. Every project we take on is an opportunity to raise the standard. To show what happens when experience, reliability, and pride in the trade come together.
